

VICTORY IN ALBANIA GROWING

Coast League May Quit Sunday

CLUB OWNERS WILL DECIDE PLANS FRIDAY

(EXCLUSIVE DISPATCH)
SAN FRANCISCO, July 10.—The directors of the Pacific Coast League will meet in Los Angeles Friday and probably decide to quit for the duration of the war. The owners of the San Francisco team are very anxious to play out the schedule, but Los Angeles and Salt Lake will play if there is a circuit.

It is off at the Los Angeles meeting. Next Monday is pay day, so next Sunday will undoubtedly see the last games played until conditions become more favorable.

THE WISE SAYINGS OF SPORT O'MALLEY

Life plays many a quaint antic. Some men coolly face the shock of a shadow. Witness a motorcycle officer who last night was a guest of Johnny Powers in a box directly behind the catcher. Occupants of the box are protected by a heavy curtain which would stop almost any projectile short of that from a French 75. Suddenly a foul tip shot toward the straight as an arrow and right at the head of the officer. "Wow!" ducked his head below his crossed arms and fell back in his chair that he spilled himself in a heap in the box. Powers laughed heartily as he shrieked: "You're kidding your life every day at a seventy-five or eighty-mile an hour bullet. Got to hand it to you."

Jerry Downs, to the Angelic fold. We hail thee as a champion of Bill Kenworthy, and that's going some when one considers that Bill is a ninety-nine percent fan of the Angelic fold.

The thrill of last week's battles between the Tigers and the Cubs, and the fact that the Cubs were the victors, is being digested. It really seemed to one up an arbor that the Cubs' success clearly lay in the superiority of twirlers over hitters. Numerous causes for the Angels' defeat have been advanced, including horsehoes, breaks, decayed umpiring and other things. We really believe, after dispassionately smoking the whole thing, that the true reason sums itself in the two words, "Better luck."

Each catch a rabbit before one can cook it, and it's difficult to do. The game without a little luck on the stick. If one can't catch it is plainly because clever chucking prevents one's doing it. Two last week the Seraphs were a few kinks shy of a year club, and this shyness was directly referable to the work by Dell, Mitchell et al. Of the other phases of the game, it is of opinion that a Tiger fan could advance as logical a case for failure here and failures there in crises. However, that to our way of thinking the whole problem lies in a question of box superiority, and in this connection we are not hesitating in declaring that Esick took the laurels from the Cubs.

San Pedro sub babies—ye should feel proud of your Bobbie Meusel! He surely showed some of the Coast League's best to bat last Sunday. Many there are that believe it is a better player than his brother Irish. Our opinion is that the Irish, however, is the better thrower. At 100 pounds he is a bold to declare that his right wing could knock about as many barbarous conceits out of the mitt as the cove of the Kaiser.

Peritt, when he said he was going to try to get work in San Francisco, pulled a smile of incredulity from Johnny Powers. "You look out, Pol," smiled Johnny; "they're liable to mistake you for a rivet and pitch a beaner."

Peritt, if they do," returned Peritt, "you can bet that it will be a beaner."

Meusel, who umpired the Angels-Tigers series last week, is the best bowling-alley artist in America, yet a fan bawled him out last Friday with: "Say, Dad, you make many strikes, but you don't make one."

Mitchell of the Cubs to Johnny McGraw of the Giants: "Muggsy, take her yourself."

The circle—Terry's spear of D. Ormer's high liner in the batting last Friday. It was simply uncanny and electrified the crowd. It was discovered after the game that Zebulon had been in a hidden springing-board. Of that play, nature made a model and then broke the design.

Under the barrage of aggrieved players' epithets that would have melted in Hades, Dad Meusel remains as quiet as a "nun" with adoration. There's a reason—Dad cottons his ears just before going onto the field.

With a three-diamond special attachment—Al DeVor's second last Sunday afternoon.

President Notifying Germany We're Out to End Autocracy

ROOSEVELT GETS HUN.

Preparations Made by Enemy Seen.

(BY ATLANTIC CABLE AND A. P.)
WITH THE AMERICAN FORCES ON THE MARNE, July 10.—Lieut. Quentin Roosevelt, the youngest son of former President Roosevelt, brought down his first German airplane this afternoon in a fight north of Chateau Thierry.

Lieut. Roosevelt, with three other pilots, was flying at a height of 5000 yards eight miles inside of the German lines when the machines became separated. Soon after Roosevelt saw three planes which he thought were his companions and started to join them. He was closely approaching the machines from the rear when he saw his mistake, for the planes were German. Roosevelt immediately opened fire and after fifty shots tracers penetrated the fuselage of the nearest German machine and it went into a spinning nose dive, falling through the clouds 2000 yards below.

The lieutenant is certain it must have crashed, for no pilot voluntarily goes into a 2000 yard spinning nose dive. The

(Continued on Fourth Page.)

Mr. Wilson at Mt. Vernon. The Commander-in-chief of America's armies and navy reading his historic address to the representatives of the United States foreign-born citizens, many of them former subjects of nations oppressed by the Central Powers, and on this memorable occasion gathered at the tomb of Washington. Immediately at the President's right is Mrs. Wilson; at his left, Secretary of State Lansing.

FLOODS DAMAGE CROP IN AUSTRIA, GERMANY.

(BY ATLANTIC CABLE AND A. P.)
ZURICH (Switzerland) July 10.—The Vienna newspapers report a heavy and continuous rainfall has been causing floods in many parts of Austria and Southern Germany, resulting in immense damage to the crops. The rain now extends from Vorarlberg, Northern Tyrol, across the Salzkammergut, upper Austria and through Bavaria to Saxony. The floods were especially heavy in the Salzkammergut, where houses and bridges were swept away. The Danube at Vienna reached on Saturday the highest level recorded in thirty years.

MARVEL AT OUR ARMY.

Remarkable Men, is Hun Report.

(BY EDWIN L. JAMES.
(ATLANTIC CABLE—EXCLUSIVE DISPATCH)
(Copyright.)

WITH THE AMERICAN ARMY ON THE MARNE, July 9.—The German army has declared officially that the American soldiers are "remarkable."

Regardless of the stuff the Kaiser's propaganda bureau feeds to the German people and to neutrals about our soldiers not being able to fight, for its own use the German army has compiled its own estimate. Which looks forward to finding the American "formidable adversaries."

This estimate is set forth in an official German army report captured Sunday. This report not only speaks in most respectful terms of the nerve and bravery of the American soldiers fighting northwest of Chateau Thierry, but confesses that the German intelligence officers were utterly unable to get information from the few Americans they captured. What is of most significance, the report marvels that while the majority of the Americans captured were born of foreign-born parents, they all had the pure American spirit. It can be stated that some of the Americans captured were German-Americans.

Essential information. Captured. (Here follows a long line of empty spaces.) Composition of the American army. (Continued on Fourth Page.)

French and Italian Soldiers Sweep on; Austria is in Peril

(BY A. P. NIGHT WIRE)
WASHINGTON, July 10.—An official dispatch to the Italian Embassy today from Rome said that the Italian and French troops in their offensive in Albania, which is continuing, have captured 1000 prisoners, including sixty officers, several airplanes and much war material.

ALBANIAN ADVANCE ADDS TO AUSTRIA'S TROUBLES.

(BY ATLANTIC CABLE AND A. P.)
LONDON, July 10.—(British Wireless Service.) Successes won by the Allied troops in Albania will add seriously to the troubles of the Austrians. They were won by a fresh, determined action in the Balkan area where any military success must always have immediate and valuable political reaction.

The line on which fighting is going on at present runs from the River Devoli to the Adriatic, a distance of over sixty miles. In addition to the French and Italian troops engaged in the battle, Albanian troops, under Essad Pasha, are fighting against the Austrians and, because of their familiarity with the country, are in a position to give valuable assistance.

Although the region of Allied advances is seventy miles from the Saloniki front, there are already signs of nervousness among the enemy troops in that area.

The advance will have the effect of bringing to the side of the Allies many from the hill tribes, which are among the finest fighters in the world.

Every fresh success of the Allies will hearten the south Slav races, who are already in revolt against their Austrian rulers.

A further short advance will bring the Allies to Berat, the chief town of Southern Albania.

AUSTRIA DECLINES TO ACCEPT GERMAN COMMANDER.

(BY ATLANTIC CABLE AND A. P.)
ROME, July 10.—Austria has declined to accept the German general, Otto von Below, as commander-in-chief of the forces on the Italian front because Germany refused to send twelve German divisions with him, according to the newspaper Epoca, which bases the statement on advice from a Swiss source.

Austria, it adds, has temporarily given up the idea of revenging herself for her recent defeat by Italy.

OFFICIAL REPORT.
(BY ATLANTIC CABLE AND A. P.)
ROME, July 10.—Italian troops in the Brenza Valley, on the mountain front, carried out operations yesterday by means of which the Italian line in this region was rectified, the War Office announced today.

"On the Asiago Plateau and in the western region of the Grappa," says the official statement, "scattered artillery actions were more frequent and intense." "South of Stelvio the carriage of one of our advanced posts, at an altitude of 3941 meters drove back an enemy detachment." "In the Brenza Valley we carried out rectifying operations, taking twenty-four prisoners." "The Italian troops on the offensive in Albania are continuing their advance, the War Office announced today. The enemy in yesterday's fighting was beaten back on both sides of the Osum River.

"In Albania," says the official statement, "our troops having reached the great west of the Lower Middle Segani and having extended to the eastward their occupation of the heights at the head of the Tomorica Valley, are advancing, repulsing the enemy at the center, astride the Osum."

AUSTRIAN STATEMENT.
VIENNA (via London) July 10.—The text of the official statement issued by the Austrian War Office to-night reads:

"In the Brenza Valley our reserve troops repulsed an Italian advance. In the face of pressure from strong enemy forces, our Southern Albanian front has been withdrawn across the Berak-Fert line. Since yesterday morning the fighting activity there has been very moderate."

All of the hold-up men were masked.

The belief of members of the train crew that the train was held up by men familiar with the running of the particular train was strengthened by the reported action of one of the bandits when another of the gang appeared to be about to shoot the brakeman.

"Don't shoot that man," the bandit is reported to have said, "that's Jack Darks."

Few details of the robbery are known here, as the offenses are following the hot trail of the bandits' motor cars and the train has gone on.

The train, No. 24, which left Kansas City at 9:30 last night, bound for Galveston, Tex., had taken the siding at Koch to let a northbound train pass, when the men suddenly appeared out of the darkness.

Immediately after a report of the robbery had been received here the

LOOT CARS, SHOOT THREE; KANSAS TRAIN HELD UP.

(BY A. P. NIGHT WIRE.)

PAOLA (Kan.) July 11.—Three persons were shot and the mail and express cars were looted by thirteen bandits who held up a fast Missouri, Kansas and Texas passenger train early today at Koch, a siding three miles east of this city. They compelled the engine crew to detach the mail and express cars and ran them away and then fled north in motor cars.

The victims of the robbers were reported to be Fireman R. E. Carter, Parsons, Kan., shot in left arm; E. C. Wither, train auditor, Parsons, shot in thigh, and Mrs. L. D. Williams, a passenger, whose home is believed to be in Oklahoma, shot in the shoulder. They have been taken to a hospital at Parker, Kan.

Eighty-seven killed in river boat wreck.

(BY A. P. DAY WIRE.)

PEORIA (Ill.) July 10.—An official check completed this morning shows that eighty-seven persons perished in the steamer Columbia disaster. So far eighty-four bodies have been recovered and identified.

SALE.

WIRE CONTROL BILL IN SENATE

Passage of Resolution by House of Week Expected.

Efforts Planned to Repeal Vote on Measure.

Opponents Admit Chance to Defeat Plan.

(BY A. P. NIGHT WIRE.) WASHINGTON, July 10.—The formal presentation to the Senate of the Interstate Commerce Commission's favorable report on the House resolution empowering the President to operate wire and systems during the war, for the administration measures, is expected to be made today.

Chairman Smith of the Senate Commerce committee, who is expected to introduce the bill, is expected to make a statement in support of the measure.

It is expected that the bill will be passed by the Senate today, and that it will be signed by the President.

beria question. One is the much talked of intervention by way of Siberia. But no less interesting and significant is the extreme likelihood of sending Allied troops to the Murman coast to prevent the Germans from getting the Arctic port of St. Catherine, between the White Sea and the north.

This is Finnish territory and German operations in Finland with the connivance of the reactionary element in that country are daily becoming more menacing. The enemy's purpose is to get not only St. Catherine on the Murman coast, but to change itself and the shores of the White Sea.

This would give the enemy a new submarine base and cut off all communication by the Arctic between Russia and the Allies.

ALLIES' AID ASKED. The people of Northern Finland, who are not pro-Germans, have already asked the Allies to save them from enemy invasion and to prevent the capture of the St. Catherine coast, so no question is involved in the Arctic phase of intervention as to the desire of the native population to be rescued from German rule.

Further, preparations have been made for a Murman coast expedition, participated in by all the Allies, so there can be no doubt in any quarter as to the political safety of the enterprise for the country to be rescued from further German invasion.

The most significant fact concerning the Arctic phase is the permitted publication in Petersburg of a dispatch from Copenhagen that already supplies from the United States have arrived on the Murman coast.

Albert Thomas issues an urgent appeal today in behalf of the St. Catherine coast. He calls on the Allies to intervene in Russia immediately. He takes the assassination of Count Mirbach as a text and not only justifies but praises the killing of the Ambassador at Moscow.

REGIME OF BRUTALITY. "If the Brest-Litovsk treaty had been recognized by the Russian people," he says, "or even if Germany had respected the terms of that treaty, the killing of Mirbach would have been difficult to justify. But instead, Germany imposes a regime of brutality in the assassination of the Ambassador at Moscow."

"The Brest-Litovsk treaty had been recognized by the Russian people," he says, "or even if Germany had respected the terms of that treaty, the killing of Mirbach would have been difficult to justify. But instead, Germany imposes a regime of brutality in the assassination of the Ambassador at Moscow."

Six Announced Candidates for Governorship.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, July 10.—With only eight days left under the law to complete the filing of nomination papers, Secretary of State Jordan today received word from the Registrar of Voters at San Francisco that a number of petitions, including one for Gov. Stephens, signed by Lieut. Gov. Breed and most of the other incumbents of State offices, are expected to be filed today.

To date only two nominating petitions have been filed by candidates for State offices, these being those of Will C. Wood, candidate for State Superintendent of Public Instruction, and President Justice of the Third District Court of Appeals N. B. Chipman, candidate for re-election.

This is believed due to the fact that not in years have incumbents of State offices had so little opposition as during the present campaign. Excepting the contests for Governor and Lieutenant-Governor, there are only two State offices who will have opposition, unless last-minute candidates show up within the next week.

Wood is contesting State Superintendent of Public Instruction Edward Hyatt's place, and Thomas J. Senneker is contesting Justice of the Peace District Court of Appeals, wants to be assistant justice of the State Supreme Court. There are two incumbents open on the Supreme bench, and William J. Leary and Curtis D. Wilbur, incumbents, are both candidates again.

State Treasurer Friend Richardson, Controller John Chambers, Surveyor-General W. S. Kingsbury and Secretary of State Jordan are all unopposed thus far. Members of the boards of equalization in the four California districts up for election also are without opposition.

Six candidates are in the field for the Governorship and five for Lieutenant-Governor. They are: For Governor—Charles M. Fickert, William D. Stephens (incumbent), Francis J. Henry, J. O. Hayes, Thomas Woolwine and C. A. McGee. For Lieutenant-Governor—A. H. Breed (incumbent), C. Young, Joseph A. Rominger, Warner M. Shannon and J. V. Snyder.

RED CROSS PHYSICIAN WINS RUMANIAN MEDAL.

(BY ATLANTIC CABLE AND A. P.)

BERNE (Switzerland), July 10.—Dr. J. Breckinridge Bayne of Washington, D. C., who recently arrived here safely from Rumania after having been held a prisoner for a time by the Germans, brought with him a decoration bestowed upon him by King Ferdinand of Rumania for his fighting a typhus epidemic in that country.

Dr. Bayne was engaged in Red Cross work in Rumania when the Germans invaded the district in which he was stationed, and he had not been heard from until quite recently, since last September. Premier Marghiloman of Rumania, it appears, sent Bayne a letter of thanks on behalf of the Rumanian government, and even Field Marshal Von Mackensen, the German commander in Rumania, expressed his appreciation of the doctor's work.

WHOLE TOWN ACCUSED OF BEING PRO-GERMAN.

(BY A. P. NIGHT WIRE.)

HERMANN (Mo.) July 10.—The State Council of National Defense today was requested to investigate conditions at Potsdam, Mo., by F. W. Eggers, chairman of war savings of Gasconade county, for failing to hold a war savings meeting June 23, in accordance with President Wilson's proclamation.

The town's population of 260 persons is said to be almost exclusively of German extraction. Eggers said, Potsdam reported the sale of \$16.50 in War Stamps and \$10 in Thrift Stamps. The town's quota is \$5200.

WARFARE'S "DAMNABLE USE" KILLS FISHERMEN.

(BY ATLANTIC CABLE AND A. P.)

LONDON, July 10.—"Lost their lives through the damnable use of warfare," was the verdict of a coroner's jury in an east coast port after investigating the death of two fishermen killed by shrapnel from a German submarine, which opened fire on an unarmed trawler without warning.

DUTCH SHIP IS SAFE.

(BY ATLANTIC CABLE AND A. P.)

AMSTERDAM, July 10.—The Dutch steamship Hollandia passed the Haaks Lightship today.

A London dispatch on June 6 reported the Amsterdam correspondent of the Times as saying that the steamship Hollandia, which was then in New York, would sail shortly for Holland and that another steamer would leave Holland for the United States in exchange for the Hollandia. Germany was said to have guaranteed the safety of both vessels.

Lisbon Nuncio for Belgium.

ROME, July 9.—Vatican circles consider probable the appointment of Monsignor Locatelli as nuncio to Belgium. He was the first nuncio to Lisbon since the re-establishment of relations between the Vatican and Portugal.

Johnson Reappointed by Governor.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, July 10.—Charles G. Johnson, superintendent of weights and measures, was reappointed for a four-year term by Gov. Stephens today. Johnson's term expired today.

CHARLES WAKEFIELD CADMAN

Voices His Appreciation of

THE DUO-ART PIANO

The Aeolian Co., New York City.

Dear Sirs: I consider it a privilege to be included in the catalogue of the Duo-Art. It is a novel satisfaction to hear one's own compositions proceed from the rolls interpreted with every dynamic and nuance impeccably delivered, every gradation of color reproduced.

The fact that I am convinced of the absolute superiority of the Duo-Art over all existing Recording Pianos, explains my having contracted to record exclusively for this instrument, which catches in such intimate fashion the personality of the artist.

Cordially yours,

(Signed) CHARLES WAKEFIELD CADMAN.

Charles Wakefield Cadman is the composer of some of America's most popular songs and lyrics.

His opera, "Shanewis," recently produced at the Metropolitan Opera House, has scored a signal success. The lovely Indian melodies and themes have already sprung into wide popularity. Come to the Birkel Company's

demonstrating rooms and hear the wonderful Duo-Art recordings of the great artists.

The Duo-Art is an amazing instrument of triple personality—piano, reproducing piano and Pianola in one. It is made in Steinway, Steck, Stroud and famous Weber models, in both uprights and grands. Prices begin at \$1025.

Geo. J. Birkel Co.

The Times Free Information Bureau 619 South Spring Street

THE TIMES FREE INFORMATION BUREAU is for the immediate and benefit of persons seeking interesting travel, desirable local and rest, recreation and recuperation at the seashore or in the mountains. Particulars are furnished by competent attendants and by correspondence to the general public regarding rates and attractions of railroad and steamship lines, hotels, resorts, and health resorts. Photographs, descriptive circulars and transportation literature are kept on hand for inspection and distribution. Times readers can obtain here in a few minutes the delay incident in writing for it all the information necessary for a safe and enjoyable journey or vacation. This service is absolutely free. Literature may also be obtained at the New Times Building, Broadway at First street.

PERSONS CONTEMPLATING VISITING LOS ANGELES ARE PRIVILEGED TO HAVE THEIR MAIL ADDRESSED TO THE BUREAU.

Resorts

ENEMY MARVELS AT OUR TROOPS.

(Continued from First Page.)

vision. (Lines of unfilled blanks.) History. (More unfilled blanks.) Fighting. (Deleted.)

American division may be considered a very good division, perhaps an assault division. Various attacks of two regiments upon Belleau Wood were executed with dash and intrepidity. The morale effort of our fire was not able seriously to check the advance of the infantry. The nerves of the Americans are not yet shaken.

The quality of the men must be characterized as remarkable. They carry themselves well, are well developed physically and from 25 to 28 years of age. At the present time they only require proper training to make them formidable adversaries.

The spirit of the men is fresh and full of naive confidence. The following statement by a prisoner is characteristic: "We kill or we are killed."

Their method of attack: Two attacks on Belleau Wood, which were executed by one or two battalions, were carried out in the following manner: Three or four lines of forty to fifty paces, and far behind them were assault detachments in platoon columns.

The troops were abundantly provided with automatic rifles and grenades. Assault detachments advanced ahead of the machine guns. They had orders to break through the German position at a weak point then to outflank and attack in the rear sectors offering more resistance.

The total effective strength was five officers and 250 to 260 men. The trench strength was four or five.

Orangemen's Affairs.
The Patriotic Mothers of Sons in Service will hold a social meeting this evening at their headquarters, No. 947 South Broadway. After a program of patriotic and musical numbers, there will be a social time. Members are invited to bring husbands and friends.

Endless Masses File.
PAST MITCHEL'S BIER.

EVERY RACE, COLOR, CREED.
PAYS TRIBUTE TO NEW YORK'S EX-MAYOR.

(BY A. F. NICHOL WIRE.)

NEW YORK, July 10.—Silent, saddened citizens in seemingly endless lines marched through the rotunda of City Hall tonight past the flag-draped casket in which rested the body of Maj. John Purroy Mitchel.

The coffin had been sealed before it was brought to the historic building to lie in state where the bodies of Abraham Lincoln and U. S. Grant once rested. Those who passed before it felt no shame in the tears shed for the young officer who left the Mayor's chair to serve his country and fell to his death in a Louisiana aviation field last Saturday.

There was no shade of black within the City Hall. On the wall was hanging an American flag, flanked by the colors of the Allies. A soft spotlight played on the flag and on the coffin, beside which was a standard of the United States flag.

A service flag of white with a narrow black border, bearing a single golden star, was draped beside the casket, while another gold service star on a shield was hung between the center pillars of the building.

At the stroke of 5 a troop of mounted policemen galloped into City Hall Park, giving warning to the thousands gathered there that the body of the major had been taken from the home of his widowed mother to lie in state in the building where he ruled the affairs of the city for four years.

At 5:30 the iron gates of the City Hall were thrown open and word was carried to the waiting throngs that the body of Maj. Mitchel was lying in state. From then until far into the night men, women and children filed past the casket at the rate of 250 a minute, paying a final tribute of respect.

The first in line was a little boy in a sailor's suit. He was followed by an aged woman dressed in black, and behind her was a bareheaded woman with a baby in her arms. Then came a crowd of young men, citizens of every race and every walk in life.

FINAL LIBERTY LOAN.
NOW \$4,176,516,850.

(BY A. F. NICHOL WIRE.)

WASHINGTON, July 10.—Final compilations of Third Liberty Loan subscriptions, announced by the Treasury Department tonight, show a total of \$4,176,516,850, an increase of \$6,457,200 over the total officially estimated last May 18, after the loan campaign closed.

LANSING REFUTES AID TO MEXICAN PLOTTERS.

(BY A. F. NICHOL WIRE.)

LAREDO (Tex.), July 10.—Secretary Lansing today telegraphed American Consul Sholes here that any statement to the effect that this government assists, sanctions, or sympathizes with any revolutionary movement in Mexico is unfounded and should be emphatically denied. The telegram follows:

"You should emphatically deny any statement to the effect that this government assists, sanctions, or sympathizes with any revolutionary movement in Mexico."

British Queen Helps Aid Soldiers.

(BY ATLANTIC CABLE AND A. P.)

LONDON, July 10.—A committee of English sea Americans has been formed, with Queen Alexandra as patroness, to provide comforts for American soldiers at the front.

HOUSE BEGINS NEW TAX BILL.

Luxuries and Necessities to Feel Higher Cost.

General Increases Planned on Existing Rate.

Treasury Department Outlines Possible Lines.

(BY A. F. NICHOL WIRE.)

WASHINGTON, July 10.—Members of the House Ways and Means Committee today studied the list of luxury taxations suggested by the Treasury Department, but opposition was apparent to many of the proposals. The committee will take up the list item by item. The first proposal came during the hearing of representatives of the wholesale and retail jewelry trade.

Meyer D. Rothschild and Robert B. Steele, both of New York, said the proposed 50 per cent. retail tax on jewelry would force so many concerns out of business that the government would not derive near as much revenue from this source as under the 10 per cent. tax.

William H. Hill of Detroit, Mich., representing the patent medicine industry, proposed affixing a government tax stamp on patent medicines, the amount of the tax to be added to the price.

While Mr. Hill was on the stand Representative Fordney of Michigan, ranking Republican member of the committee, said the government's actual war expenses this year, after deducting \$5,000,000,000 loaned to the Allies, would be \$12,000,000,000. The \$5,000,000,000 which it is proposed to raise by taxation, he said, represented 40 per cent. of the total actual expense, and he added he did not think that amount should be raised by taxation.

Members of the committee indicated that the list would form the basis for consumption taxes in their draft of the bill.

Besides doubling present taxes on liquors and tobaccos quadrupling soft drink levies and making general increases in other existing rates, the treasury suggestions include taxes of 50 per cent. on retail prices of jewelry, watches and clocks except those sold to army or navy men; 50 per cent. on automobiles, bicycles, musical instruments, etc.; 10 cents a gallon on gasoline to be paid by the consumer; 10 per cent. on hotel bills for rooms over \$2.50 a day or American plan over \$5; 10 per cent. on all food and drink over \$4; and coats over \$30; men's hats over \$2; shoes over 25 cents; shoes over \$4; gloves over \$2; underwear over \$2; all neckwear and canes; women's dresses over \$25; skirts over \$15; hats over \$10; shoes over \$4; lingerie over \$5; corsets over \$5; and all furs, furs, etc.; children's clothing, including suits over \$15; purses, satchels, trunks, etc.

In addition to all these taxes which would be levied directly upon the consumer, the bill proposed doubling the present motion-picture admission tax and imposing a tax of 5 per cent. on moving-picture theater rentals. The treasury proposed a license tax of \$10 a year on soda fountains.

The suggested tax on domestic servants would allow an exemption of one female servant. Others would be taxed as follows: First servant, 25 per cent. of wages paid; second servant, 50 per cent.; third, 75 per cent.; and on more than three servants (not counting the one female servant) 100 per cent. of wages in each case.

FIFTEEN FACE HAZING CHARGE

Pasadena Youths are Brought Before Court.

District Attorney Looks on Matter Lightly.

Teacher Involved Slightly Defended by Boys.

Asking further time in which to enter their pleas and consult attorneys, fifteen freshmen students of Throop College of Technology appeared before Justice R. W. McDonald yesterday morning in Pasadena in answer to charges of disturbing the peace, growing out of the alleged hazing of Albert Van Etten, one of the students, because he objected to the remarks of Prof. Frederick E. Beckmann, teacher of languages at the college. They will be arraigned on Friday afternoon at 4:30 and were released on their own recognizance.

Three of the boys, Edwin Rose, 20, 233 Columbia street, Pasadena; Whitton O. Ward, No. 1148 Crenshaw boulevard, Los Angeles; and J. W. Purter, No. 5515 Regent street, Berkeley, will be transferred to the juvenile court in Los Angeles all being under 18 years of age. According to Van Etten, the victim of the alleged hazing, he sought a complaint at the District Attorney's office and was told that no action would be taken. The complaint was refused, but issued by Justice McDonald later.

TREATED LIGHTLY.
Asst. Dist. Atty. Deannell, who was in Pasadena yesterday, was interviewed by J. W. Pearson, secretary of the Board of Trade, and said that he believed his office would be disposed to treat the entire affair lightly. It is not known what member of the District Attorney's office will be assigned to prosecute the case.

Van Etten is at his home, No. 766 Center street, Pasadena, under the care of a physician, the nervous shock having resulted in a fever which forced him to bed yesterday. Before the complaints were filed, members of the student body endeavored to apologize for their treatment of him. The turn on his back, where the students seated the word "moral" with nitrate of silver, became one great sore, his mother says, and with other burns she feared an attack of pneumonia might result.

DEFEND PROFESSOR.
A majority of the students who appeared in court yesterday stated that Prof. Beckmann had not made remarks which might be construed as immoral. Some of them admitted that there had been suggestive things. It is understood that efforts had been made to get one or more of the students substantiating Van Etten's statements regarding Prof. Beckmann's behavior. Beckmann's body was under modern education for young men. As Van Etten relates these educational features they were ultra-worldly and rendered in a vulgar way. Because he refused to listen to them and showed his objections in the class and as well told his mother he was hazed by the other students for his moral status.

Albert Van Etten, Victim of hazing party by Throop freshmen.

CHARGES LOVE STOLEN.

Woman Asks Twenty Thousand for Alleged Alienation of Her Husband's Affections.

Alleging that Mary Edna Thoms enticed Abel Vallet from his wife and daughter and that Mr. Vallet was living with her at apartments in Los Palmas street, Mrs. Bertha Vallet filed suit for alienation of the affections of Mr. Vallet yesterday, demanding \$20,000 damages from Mary Edna Thoms.

The Vallets were married November 4, 1908. The daughter, Jeanette, is 8 years old. While the latter was boarding at a convent, Mrs. Vallet asserted that her husband and Mary Edna Thoms visited the convent and associated with Jeanette, thereby further alienating the affections of Mr. Vallet. The complaint further alleges that the couple have assumed the name of Mr. and Mrs. Henri Abel Vallet at the Las Palmas apartments.

SEND PETITION NORTH.

Question of Raising Teachers' Pay by Amending Law to be Placed on Ballot.

County Registrar of Voters Lyons yesterday forwarded to Sacramento the initiative petition prepared by a committee of the California Teachers' Association to place on the ballot next fall a substitute for the tax limitation act of 1917 which, it is alleged, prevents an increase in school appropriations.

There were \$2,841 signers to the petition, obtained from forty-five counties. Twelve counties made no response to the appeal, not seeming to take any interest in the movement.

TO FEDERALIZE POWER PLANTS.

Mayor Suggests Government Take Over Systems.

Sends Wire to War Industries Board Chairman.

Edison and Los Angeles Gas Companies Affected.

Mayor Woodman last night sent a telegram to Bernard Baruch, chairman of the War Industries Board, Washington, D. C., suggesting that the government take over the distribution systems of the Southern California Edison Company and the Los Angeles Gas and Electric Corporation. He said he believed that such action would close the controversy between the city and the companies and would tend to conserve gas, natural gas and fuel oil.

The Mayor in his answer informed Mr. Baruch that the Public Service Commission has been instructed to prepare a technical report covering the wire question.

"THE TIME RIFE"

"I am satisfied that the time is ripe for government action," Mayor Woodman said. "The government insists upon conservation of oil and gas and if it will take over the distributing systems that use both fuel oil, gas and natural gas, the city can supply the people with hydroelectric power."

"If the government should accept the proposition it naturally would see that the city's power plants are enlarged and that our supply is sufficient to take care of all the business within the city."

"Such action would result in the two companies receiving a fair profit upon their distributing systems. The Mayor said the city is operating under the government and to the satisfaction of both the companies and the public. It ought to work out the same with the gas companies."

MAYOR'S TELEGRAM.
Following is a copy of the telegram the Mayor sent to Washington:

"Mr. R. M. Baruch, Chairman War Industries Board.
"Washington, D. C.
"I have referred your telegram to Public Service Commission for technical reply. In view of the controversy over distributing systems and fuel conservation, would suggest that distributing system of companies in the city be taken over by the government, and city will operate in every possible way. This would eliminate electric power generated by oil, gas, natural gas and fuel oil.
[Signed] "F. T. WOODMAN."

TO INVESTIGATE PARALLELING.

War Industries Board Orders Inquiry into Situation in Los Angeles.

(RECEIVED DISPATCH)
WASHINGTON, July 10.—No answer has been received from Los Angeles, as far as could be learned at the War Industries Board today, to its wired request for the city's cooperation. A report that Los Angeles is going ahead with the stringing of power and light wires regardless of the request of the government was received by the War Industries Board, and an investigation ordered. What the next move will be has not been determined, and the continued failure to hear anything from the city will probably result tomorrow in the making public of all the correspondence and telegrams in connection with the matter.

SHIPBUILDING WITHOUT STINT.

(Continued from First Page.)

seater, head of the operating department of the United States Shipping Board, would arrive here in about two weeks to investigate the dry-docks propositions.

In the party which left for San Francisco on the Southern Pacific last night were Mr. and Mrs. Schwab, their niece, Miss Mock, Dr. Charles Eaton, Charles Pies and Chester Cuthbert. At San Francisco today Mr. Schwab will address the Associated Advertising Clubs of the World, and will attend the Allied War Exposition, where he will be the honored guest at the regular army mess of the Sammys. Marine hands will participate in the festival. The Schwab party expects to continue its inspection trip as far north along the Pacific Coast of the United States as shipbuilding extends.

Before leaving Los Angeles Mr. Schwab took occasion to thank the local press for its hearty cooperation and support in the shipbuilding programme.

FOR WOODEN SHIPS.

PHILADELPHIA, July 10.—To avoid unnecessary delay in the building of wooden ships on the Pacific Coast, an order was issued today by Howard Connelley, vice-president of the Emergency Fleet Corporation, directing that in the future contracts may be closed at the plants, instead of at the headquarters here. This will result, according to Mr. Connelley, in the quickening of ship construction in that particular section.

MR. SCHWAB TO AID SAN DIEGO.

(Continued from First Page.)

said that if the plant could be built at once they could get \$10,000,000 worth of contracts.

MEETS OLD FRIENDS.

As the party arrived at the station this morning, Joe Bachman, a contractor here, stepped up to speak to his former work-fellow, Charles M. Schwab. Mr. Schwab, who had not seen Bachman for forty years, when both were employed as clerks in the store of the Homestead Mills at Braddock, Pa., at once recognized Bachman and patted him familiarly on the back as he greeted him. Judge A. A. Schilling of East San Diego, who was employed with Mr. Schwab thirty-eight years ago in the Bethlehem Steel plant, also renewed the acquaintance and Mr. Schwab recalled old times as he shook hands.

IN THE GRANT HOTEL.

In the Grant Hotel, as Mr. Schwab entered with the party, the military band in the lobby struck up "Over There" and the crowd cheered enthusiastically. Mr. Schwab's way through to the dining-room. The party left on the 3 o'clock train for the north.

SOLDIERS' DEPENDENTS TO GET ALLOTMENTS.

WELFARE COMMISSION SENDS NAMES TO TREASURY DEPARTMENT.

The Soldiers' and Sailors' Welfare Commission, on request of the Commissioner of War Risk, has telegraphed approximately 200 names of wives of dependents and mailed approximately 600 names of other dependents who have failed to receive their allotment and allowances. The allotments and allowances will have speedy settlement, it is stated.

THE TREASURY DEPARTMENT IS ANXIOUS TO ADJUST ALL OF THESE CASES, AND THE DELAY IN DOING SO HAS BEEN DUE TO IMPROPER ADDRESSES AND NAMES WHICH CONFUSED THE DEPARTMENT'S RECORDS.

The Treasury Department is anxious to adjust all of these cases, and the delay in doing so has been due to improper addresses and names which confused the department's records. Especially after we have seen this smiling, gracious lady, whose eyes twinkle silently, while her lord adorns his laurels. Recall again that phrase of hers: "I was talking and more talking." We will wear its significance has been her wise admonition all through life. "Be sure that the talking has been attended to, dear. Have the seams been made tight? Is the ship thoroughly seaworthy? What about the more careful inspection?" one can imagine her saying as the great enterprises were about to be launched. And with such an advisory expert in the office, always within call, who could fail? Dr. Brown assures us that her sagacity in aiding up men is remarkable.

MORE GARMENT WORK FOR CITY.

Local Man Appointed on War Service Committee.

Government Contracts will be Brought Here.

Henry W. Louis Goes to Meet Regional Chairman.

Appointed a vice-chairman for California of the War Service Committee of the garment industry, an organization of garment makers that has been formed to aid in winning the war, Henry W. Louis of the Brownstein-Louis Company, garment manufacturers of this city, left last evening for San Francisco, where he will confer with S. E. Davis, vice-chairman for the northern city. The two will work under Frederick J. Koster, regional chairman.

By the appointment of the California vice-chairman, Mr. Louis believes that a considerable amount of government garment contracts may come to Los Angeles, which heretofore have been awarded to firms elsewhere. The War Service Committee of the garment industry, he stated, represents all the manufacturers of cotton goods, garments, shirts, Mackinacs and army uniforms, and has been authorized by the Quartermaster-General of the army. It is vested with the power of letting contracts and of regulating the materials supplied from the mills. This is considered important.

Mr. Louis said, however, that the government has taken no concerted action in placing orders for garments. Contracts have been let to a number of individuals, the result being not wholly satisfactory. Under the new system all such data will pass through the hands of the committee, which will insure the government better results. Tab will be kept by the manufacturers, and a questionnaire has been sent to every one in the industry requesting data on the number of machines in use by each establishment, the amount of goods produced, and the capacity of the plant.

"My interest in this new work," stated Mr. Louis, "aside from doing what I can to help the government in the war, is to aid in bringing all possible business to Los Angeles manufacturers. My company will not figure any more prominently in government orders than it has figured heretofore. There is more than enough work for everybody."

The committee, which is composed of Galbraith Miller, Jr., of Milwaukee; Arthur T. Davenport, New York; Ralph Hunter, Troy, N. Y.; Abner E. Larned, Detroit; John L. McDonald, St. Joseph, Mo.; C. C. Overton, New York; L. A. Phillips, New York; and E. E. Eley, executive secretary, will be consulted by the government relative to the making of garments. The committee will fix the price, which is fixed by the government. All manufacturers will receive the same rates.

Mr. Louis is to receive no compensation for his work, as the appointment is not directly by the government.

MRS. SCHWAB AS A HELPMET.

(Continued from First Page.)

She is pervaded with that restful attribute of serene common sense and invariable good humor. One would be willing to vouch for the fact that she never leaves her small property all over the place and never returns the household upside down to look for them. And she has been the wife of Charles M. Schwab from his modest beginnings, all through his sure and steady rise to power. Always he has consulted her about his important, nay often, colossal undertakings, and always, be it noted, when he has acted upon her advice, they have proved successful.

HIS GUIDING STAR.

Dr. J. H. Brown, the family physician, who accompanies him on their journeys everywhere, says that Mrs. Schwab is the guiding star of Mr. Schwab's existence, and that he hesitates to make any decisions without her. Dr. Brown says that Mr. Schwab has never made a mistake in a financial deal when he took his wife's advice. We surmised that Mrs. Schwab is very happy in her life, and that, as "every woman knows," he owes his glittering success quite as much to the fact that he had the sagacity to select the right kind of wife, as to anything he may have achieved on his own account. Especially after we have seen this smiling, gracious lady, whose eyes twinkle silently, while her lord adorns his laurels. Recall again that phrase of hers: "I was talking and more talking." We will wear its significance has been her wise admonition all through life. "Be sure that the talking has been attended to, dear. Have the seams been made tight? Is the ship thoroughly seaworthy? What about the more careful inspection?" one can imagine her saying as the great enterprises were about to be launched. And with such an advisory expert in the office, always within call, who could fail? Dr. Brown assures us that her sagacity in aiding up men is remarkable.

YES, WHILE THE COUNTRY IS CROWNING CHARLES M. SCHWAB WITH HIS WELL-EARNED LAURELS, WOMEN MAY SMILE WITH AFFECTIONATE PRIDE AND REMEMBER THAT PHRASE OF HER: "WHAT EVERY WOMAN KNOWS."

SUES DAVID EVANS.

Woman Seeks Big Sum from Former Civil Service Commissioner as Fee for Sale.

In Judge Finlayson's court yesterday Mrs. Irene Berner sought to recover from David Evans, former Civil Service Commissioner, \$4000, alleged commission on a real estate transaction. It was asserted that when the deal went through Mr. Evans failed to pay the commission. His defense was that Berner was not entitled to a commission, as she did not carry out the contract. The testimony will close today.

Smith Building, Seattle, Washington.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburgh, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Voegell Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Folk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Caplan, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unending sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fact or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."

What are gasoline boiling points?

The boiling point of any liquid is the temperature at which it vaporizes.

Gasoline has boiling points ranging from the very low to the high, and in "Red Crown" they form a uniform, continuous, unbroken chain.

The value of gasoline lies in this uniform continuity of its boiling points.

Combustion starts with the lowest boiling points and flashes on through the gas. The continuous chain of boiling points—from the low to the high—is necessary for instantaneous, full-powered combustion. Eliminate one link and the power chain is broken.

Only a straight-distilled, all-refinery gasoline can have the continuous chain of boiling points. Mixtures always have "holes" in them.

Red Crown, the Gasoline of Quality, is a straight-distilled, all-refinery fuel having the full and complete chain of boiling points necessary for steady, dependable power: Low boiling points for easy starting, medium boiling points for quick and smooth acceleration, and high boiling points for power and mileage. Look for the Red Crown sign before you fill.

It has been estimated that there are in this country at this time half a million men who are residents of no one country.

A determined effort is being made to break the hold of the business and commerce organizations of every character.

It is suggested that if President Wilson sends a commission to Asia, he impress upon them the duty of carrying their own baggage.

Our idea of throwing money on the item that the Department of Agriculture has been authorized to spend \$50,000 to teach the farmers how to make cheese.

Women will be a success in the winning of the war. They are as adept in handling a needle and thread as they are in the kitchen.

The Fuel Administration is issuing an order that no coal shall be used on private property during the war. In that case, on the Big Bear Lake will be pulled by man power. This is certainly true.

Germany insists, upon signing its war aims. As if the over did not know them, they have far been proven.

Indications point to a shortage of coal next winter. It is likely that the need of Fuel Administration will be put to the test.

The fetching cream-colored born hats with a crown of cloth, now affected by the ladies, desire to be up to date.

Why not tax the unfair until his wealth is squeezed out of him? The government has the power to do so.

After every battle Germany has a new feeling. As if it were a new world, it is a new world.

It has been estimated that there are in this country at this time half a million men who are residents of no one country.

A determined effort is being made to break the hold of the business and commerce organizations of every character.

ASSEMBLE MATERIAL TO REINSTALL WEIR.

PREPARATIONS TO CARRY OUT WORK IMPORTANT TO IMPERIAL VALLEY.

Los Angeles Harbor, July 10.—Under the direction of Chief Engineer C. K. Clarke of the Imperial Irrigation district, pile drivers, piling and rock were being assembled on the bank of the Colorado near Hanlon today, while the irrigation district officials were awaiting permission from the War Department to install a temporary weir to raise the level of the river for the next few weeks. The purpose of the weir, which is intended to assure plenty of water for Imperial Valley's half-million acres of crops, is expected to be considered sufficiently important for the War Department to order its construction at once.

Whether the weir is to be installed close to the old weir, or at a new location that had not been positively decided, according to official announcement, some difficulty has been experienced in the last few days in diverting the proper amount of water into the Colorado.

The search of the Colorado was close to 50,000 cubic feet, and this flood has been carrying a heavy load of debris that required many workers in the vicinity of the intake to remove.

At the meeting of the district board of directors this week it was decided to prorate the water delivered to the mutual water companies on the basis of assessed valuation of farm lands, the acreage under cultivation and the amount of the water bill for the six months ending July 1. The law has heretofore required a prorating on the basis of assessed valuation, but by mutual consent of the water companies interested, the new plan has been considered fair in many respects.

Summer rates at "Hotel del Coronado" Office 527 Spring. (Advertisement.)

SALARY INCREASES.

Aggregate \$500 Per Month for Riverside Light and Water Departments.

Riverside, July 10.—Salary and wage increases aggregating \$500 per month, or \$6000 for the year, were decided upon last night by the Board of Public Utilities for the employees of the electric light and water departments, the action being described as a war emergency measure.

A unique method was employed in arriving at the increases, in which forty-one employees participate. Only a few individual raises were allowed, but the superintendents and City Auditor recommended that the monthly pay roll of \$4000 be increased 10 per cent, and that this increase be divided equally among the employees.

In approving the recommendation the board added \$10 per month to the pay of each employee for the current year. The pay roll as modified ranged from \$75, received by some of the girls in the accounting department, to \$175, paid to the superintendent.

The increased wages being paid to wiremen, linemen, plumbers and other employees of the departments made the increases adopted necessary in order to retain men in their positions.

It is expected that the action of the board will result in demands being made on the City Council for further increases in wages during the current month, when the budget for the new fiscal year will be considered.

Novelty features planned for "Hotel del Coronado" fête, 13th. (Advertisement.)

WORK "OVER THERE."

Los Angeles Harbor, July 10.—Prof. W. H. Matlock of the Pomona College faculty has gone to New York City for a course in the war work in France. His work will be similar to that undertaken by Rev. W. O. Work, a college lecturer, who is already in France. A former faculty member, Dr. Williams, professor of psychology, is on his way home from Hawaii to take up T.M.C.A. training, having resigned his position at the Mid-Pacific Institute in Honolulu, which position he has held for the past three years.

"Fete Champetre" Saturday afternoon at "Hotel del Coronado." (Advertisement.)

FRENCH HOLIDAY PLANS.

Riverside, July 10.—An elaborate celebration of the French national holiday is being planned for next Sunday. The exercises will take place in Fairmount Park. Among the eminent Frenchmen who will be present on the occasion are: D. M. Delmas, well-known artist of Los Angeles; former Consul Charter and Thomas, the artist and painter. Local French girls will have an important part in the programme, a feature of which will be the presentation of appropriate tableaux.

IMPERSONATES OFFICER.

Porterville, July 10.—Alva Weir, who says he is a resident of Porterville, was arrested here today for impersonating an officer. Weir was found wearing the star of an Orange county deputy sheriff, was arrested by Officer C. C. Williams, who was impersonating an officer. Weir declares he found the star on the street. Communication is being established with the Southern California officers.

MAKE APPROPRIATION.

Redlands, July 10.—The County Supervisors have made an appropriation of \$1500 to defray the expenses of a home demonstration farm for San Bernardino county. The demonstration farm is being established on the property of the San Bernardino farm bureau, of which H. A. Cherrier of this city is president. The State and national governments have agreed to pay the salary of such an agent. Mrs. Malinda Woodworth of this city, who has been home demonstrating for forty-eight hours recently, will be in charge of the demonstration. The Japanese faced the probability of having their licenses revoked and being termed disloyal to the Allied cause by failing to go back to their homes on Monday, but none of the boats or fishermen went out, utterly ignoring the ultimatum of the Food Administration officials. The Japanese will not have until tomorrow to reach their decision. It was reported after the water front that the boats would be taken by the Japanese if they were not in operation tomorrow, but no confirmation of the report could be secured.

IOWANS FIX AUGUST TENTH PICNIC DATE.

Twenty-five thousand expected to attend annual outing.

Long Beach, July 10.—Saturday, August 10, has been selected for the big annual Southern California Iowa picnic in Bixby Park, this city, it was announced here this afternoon. Scores of Southern California cities are yearly represented at this big event. At least, 25,000 Iowans and their friends are expected to attend the picnic, according to the estimate of the committee in charge.

President E. W. Hopkins of the Southern California association and Secretary C. H. Parsons, with J. G. Spielman, president of the Long Beach Iowa Society, are planning the outing.

FALLS OVER DEAD.

"In the man to untangle fish lines," jocularly remarked A. D. McLaughlin of No. 247 Ohio avenue as he fell over dead on the Belmont pier today, struck by a heart failure while trying to help a fellow angler's line. A. D. McLaughlin was 82 years old and had resided in Long Beach for six years. He lived with his daughter, Miss Ada and Marguerite McLaughlin. He was a retired Kansas farmer and a veteran of the Civil War, serving with the Eighth Kansas Regiment, Co. D.

WOMAN INSPECTOR.

Mrs. Dorothy Laughlin, who bears the distinction of being the only woman inspector of woolen fabrics used for army and navy clothing in the United States, has arrived here to inspect the government work done at the plant of the Golden State Woolen Mills of this city. Mrs. Laughlin, who was formerly in the employ of the Emergency Fleet Corporation in Philadelphia, will make her western headquarters in Long Beach, she announced today.

It is her duty to see that each yard of woolen cloth turned out measures up to the specifications in every particular. The Golden State Woolen Mills are now turning out about 50,000 yards of woolen goods per month for the United States government.

ALHAMBRA MAN WEEDS.

Alhambra, July 10.—Glen C. Wallace, a resident of Alhambra for many years, and Sarah E. Boone of Los Angeles, were quietly married in San Francisco on July 3, 1918. After a tour of the northern part of the State, where both bride and groom have relatives, Mr. and Mrs. Wallace will be at home to their friends after August 1.

AID SUMMER PLAYGROUND.

Santa Ana, July 10.—Summer playgrounds conducted at the Lincoln and McKinley schools by the Parent-Teacher association, have given a boost here today when directors of the M. and M. Association voted \$50 to aid their maintenance during the season. The playgrounds are kept open every day except Sunday.

RESIGNS PASTORATE.

Porterville, July 10.—Rev. Eugene Haines, secretary of the Ministerial Union, a chairman of the Liberty Loan committee, and active in public work here, resigned the pastorate of the First Baptist Church, to become effective August 1. Mr. Haines has made no future plans.

CHIEF GOING TO WAR.

Calixto, July 9.—When the next contingent of selected men for the National Army leaves the valley it will include Calixto, who is going to San Francisco to meet Mr. Stephens.

RESIGNS CLUB OFFICE.

Clarence S. Fleming, vice-president of the Annandale Country Club, has resigned owing to ill health. His place on the directorate has not been filled, but W. A. Barnes has been elected temporary secretary.

RED CROSS FINANCES.

Riverside, July 10.—The extent of the work accomplished by the local chapter of the American Red Cross is indicated in a statement just issued by the secretary. The total receipts have been \$38,748. Of this amount the shop and salvage department is responsible for \$7608. The largest item in the disbursement column is \$18,404 for military relief supplies.

FOUR ABOARD THIS.

Santa Ana, July 10.—Four local youths are on the good ship "Aria," which is the first boat of the Pacific used for training in the new merchant marine. They left on a hurry-up call July 9, and are expected to be home tomorrow. The men are William Crawford and John R. Gowdy of Tustin, Jack Holt of Santa Ana, and William P. Higgins of Irvine.

PLEADS GUILTY, FINED.

Redondo Beach, July 10.—Because she struck Mrs. Cynthia Peterson with her baby, Mrs. Nick Bruno was today fined \$10 by Judge E. H. Miller. Mrs. Bruno appeared before the judge before Mrs. Peterson had time to swear out a complaint for her arrest, pleading guilty to the charge. Both of the women operate restaurants here. Mrs. Peterson made no attempt to strike back.

CRANDALL GIVES JAPS RESPIRE UNTIL TODAY.

Los Angeles Harbor, July 10.—With the Japanese fishermen still in session at the offices of the Southern California Japanese Fishermen's Association, no developments in their strike were reached today. Capt. W. C. Crandall, Federal Fish Administrator, announced that he had granted the Japanese forty-eight hours respite from which to reach their decision. The Japanese faced the probability of having their licenses revoked and being termed disloyal to the Allied cause by failing to go back to their homes on Monday, but none of the boats or fishermen went out, utterly ignoring the ultimatum of the Food Administration officials. The Japanese will not have until tomorrow to reach their decision. It was reported after the water front that the boats would be taken by the Japanese if they were not in operation tomorrow, but no confirmation of the report could be secured.

EXCITEMENT AT OPEN-AIR CAMP.

Children Feast Yet They Fail to Gain in Weight.

Attendants Find Reason Lies in Faulty Scales.

Attractive Wading Pool Now Under Construction.

Pasadena, July 11.—Suppressed consternation reigned at the Devil's Gate Open Air Camp for Children yesterday morning, when the fifty-four girls who have been stuffed with a fattening diet during the past week, failed to show an increased weight. A check of the entire list of cards not only failed to show an increase, but in the great majority of cases an actual falling off in weight was discovered.

Miss Letta Sewell, public health nurse, in charge, called the Misses Irene and Jean Ross, paid instructors, into conference. Surely something terrible had happened, they speculated. The cook was the first individual to fall under suspicion. They were about to call Mrs. W. Jarvis Barlow and C. C. Browning into a hurried consultation and turn the entire camp into a clinic to discover the cause. Then some brilliant mind suggested an examination of the scales. They were set on a slant and registered under the gravity of their burden. The weighing was done over again.

A water pool, where the youngsters can besport themselves, is under process of construction at the camp. According to the officials in charge, and W. W. Storch, Los Angeles constructing engineer, who is the designer, it will be the only thing of its kind in the world. The water will only be knee deep, but there will be two small islands in the pool, where the children can build a place at the lower end of the pool. The water will be changed daily and will irrigate a garden. Another allotment of girls will be brought out next week, all of whom will be under clinical observation and found to be predisposed to tuberculosis. The camp is under the auspices of the Los Angeles Society of the American Red Cross. Two hundred children will be given outings there during the vacation period.

BABY CENTER OPENS.

A permanent baby center, where mothers may take their infants for examination by specialists and receive free advice on the best care of babies, was opened yesterday under the auspices of the city government. The Board of Education and the Women's Council of Defense, in the ground floor of the Hotel Building at the corner of Raymond avenue and Union street. Six babies were examined.

PHYSICIAN KILLED.

Dr. J. M. Stephens, formerly of San Francisco, was instantly killed when the automobile he was driving skidded and overturned near Santa Maria. It was learned here yesterday that the doctor was on his way to San Francisco to meet Mr. Stephens.

RED CROSS REQUESTS POLICE CO-OPERATION.

Santa Monica Beach, July 10.—The police departments of the Santa Monica Bay municipalities will be asked to co-operate with the American Red Cross in preventing the unauthorized giving of entertainments and the soliciting for the Red Cross of anyone under 20 years of age in cafes or other places where liquor is sold. The chapter will issue permits signed by the secretary for all entertainments and to bona-fide vendors of articles to be sold for the Red Cross. Those found violating these instructions will be prosecuted on the charge of obtaining money under false pretenses.

The chapter is particularly averse to the practice which has been carried on in Venice of sending school children into the cafes and saloons of that city to dance for a collection. The boys and girls were taken out of the cafes and sent to the police station, to the detriment of the good name of that organization, a practice which the chapter will take steps to prevent.

METZGAR WITHDRAWS; WAY CLEAR FOR BACKS.

Santa Ana, July 10.—Deputy County Clerk Joseph M. Backs is no longer a candidate for County Clerk, through the withdrawal from the race today of J. C. Metzgar, for nine years secretary of the Chamber of Commerce. Metzgar was valued upon by business men of the city to give up his present political hopes and to remain in the city as an officer of the city's official body. N. T. Edwards, present County Clerk, will not run this fall. Backs now has a clear field. Backs formerly lived in Anaheim, but has been a deputy clerk here for several years.

ELKS PREPARE TICKETS.

Glendale, July 10.—The Glendale Lodge, No. 1289, of Elks, announced here yesterday that 2000 tickets have been printed and are ready for distribution at \$1 each for chances on the lot donated by Elks Park, of No. 417 South Brand boulevard, which has been appraised at \$1500 and will be sold at a 100 per cent. Red Cross benefit. Mr. Parker has given two sons for active army service and is himself a prominent Red Cross worker here.

Good for hotels, apartments, etc., are reduced.

Over There and Over Here. Over there on the fighting front, and behind the lines, the telephone is as indispensable as it is here at home. Over there troops are moved and battles fought, the movements of the enemy reported and supplies and munitions brought up by means of telephone communication. Over here more than 12,000 long-line operators have been specially trained for Government service, and the Government at Washington keeps in close touch with every phase of war preparation and directs the work of a vast number of industries upon which the success of our armies will depend. Over there and over here the great war captains and the captains of industry depend upon telephone communication to carry out their plans successfully. The Bell System is devoting all its great resources to the and that the work of preparing our armies for battle and of sustaining them in the field shall go on systematically and efficiently, so that over here and over there, there may be coordinated and sustained effort, which alone will bring the final victory.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

War Department Orders. TO REORGANIZE UNITS OF MEN AT CAMP LEWIS.

CAMP LEWIS (Wash.) July 10.—Following the official announcement from Washington this morning that a new division of mobile troops would be formed here and the general circulation of the information about camp the statement formed the principal topic of conversation both among officers and enlisted men this afternoon. Interest now centers in whether or not the division will be composed of regular army or National Army troops, and who will be the next major-general in command here.

On the other hand, some of the officers are hoping that the new division will be composed of regular army regiments. On the other hand there are approximately 22,000 enlisted men and 600 officers in the One Hundred and Sixty-sixth Depot Brigade who are harboring a similar hope that when orders for this organization of the division were received, the organization will be designated to be part of it. The division of mobile troops is composed of approximately 17,000 men and officers.

PROPERTY ASSESSED AT EIGHT MILLIONS. ALHAMBRA, July 10.—The estimated valuation of Alhambra property, according to returns from the office of the City Assessor, is \$8,000,000. A reduction of 10 per cent. was made on all lands and lots and a further reduction of 10 per cent. on all buildings 3 years old or older. Notwithstanding these reductions it is expected that the real estate tax will be about the same as last year in effect last year, \$1.03 in the old city and 93 cents in the annex.

THREE-MILLION ESTATE CLOSED.

Assets of Late Land Owner Ordered Distributed.

Widow Receives One-half of Total Property.

Inheritance Tax Near Three Hundred Thousand.

The large estate of the late Jotham Bixby of Long Beach, which has been in the probate court a little less than a year, was closed yesterday and ordered by Judge Rives to be distributed to the heirs. The inventory and appraisement show the value of the estate as \$2,811,565. The inheritance tax is \$285,156.48.

Mr. Bixby died on February 5, 1917. His will was executed on November 15, 1911. The executors were George H. Bixby, Jotham W. Bixby, Llewellyn Bixby and E. N. Grant. Under the provisions of the will, which was stated in The Times when it was filed, the widow, Margaret H. Bixby, was given one-half of the estate, George H. Bixby one-eighth, Jotham W. Bixby one-eighth and Fanny Bixby one-sixteenth. One-sixteenth also was given to Fanny Bixby, in trust to the executors. Harry Llewellyn Bixby, a grandson, received one-sixteenth in trust for the benefit of himself and his mother, Juliette G. Roberts. It terminates when he is 21 years old. Juliette G. Roberts receives \$15,000, and George, Jotham W. and Fanny Bixby receive one-third of the residue.

Jotham Bixby was probably the largest land owner who ever lived in Los Angeles county. At one time

UNANIMOUS VOTE FOR IRRIGATION.

Palmdale to Organize District Comprising Five Thousand Acres.

Word was received here yesterday that citizens of Palmdale had voted unanimously to organize an irrigation district there comprising 5000 acres, and that the following had been elected directors: H. C. Fertig, John E. Jones and Edward H. Davis. Jarvis J. Phillips was elected assessor of the district and Charles Osborne the treasurer and tax collector.

he owned the land from what is now Redondo Beach to Santa Ana. He owned large tracts at Long Beach and San Pedro. One portion of his great estate consisted of 30,000 acres, which he sold to the Clark interests for the Alamitos Sugar Company's refinery.

The proceedings before the probate court yesterday were in charge of O'Melveny, Millikin and Tuller.

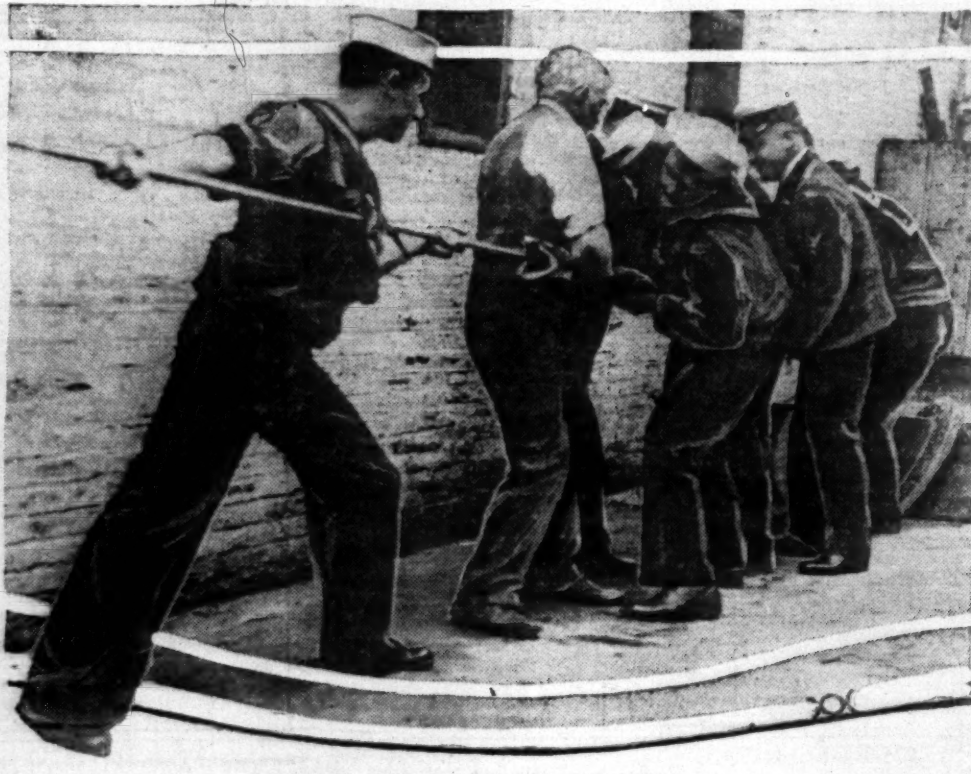

BRITISHERS FOR WAR.

Thirty-five, Recruited Here, will be Given Henry Send-off this Morning.

Thirty-five men, on their way to fight in the British army overseas, will be given a send-off at the Westminster Hotel by local Britishers this morning at 10 o'clock. The programme will feature the singing of "The Charge of the Light Brigade," "God Save the King" and "America" by Dwight Edwards.

Arthur Manda, special recruiting agent for the local mission, says

Sailors Fitting Giant Python Over a Piece of Meat.

"Satan," who is on hunger strike, is forcibly fed.

Left to right, those in the picture are: H. H. Nixon (ramming); S. J. Edwards, Ray Mayer, Harry Curzon, Chief Yeoman Howard N. Smith, Chief Yeoman F. Gregg; H. F. McGee and R. Evans.

Practice Up.

TARS NOW READY FOR THE SNAKE OF BERLIN.

TEN stalwart sons of the briny from the Naval Recruiting Station in the lobby of the I. W. Hellman Building yesterday afternoon departed for their usual lines of activity and forcibly administered a meal to "Satan," a monster python.

Satan's feeding days come once a month under ordinary conditions, or at least his appetite seems to return at thirty-day intervals. Lately the reptile, which is more than twenty-five feet long and estimated to be 150 years old, has been on a hunger strike. Forceful feeding was necessary and the sailors volunteered.

"Satan" was placed in a large box and transported to the alley behind the museum in which he languished. Here his length was stretched into

Washington Speaks.

WAR NOT TO HALT UNION TERMINAL SURVEY HERE.

PERMISSION has been given the State Railroad Commission to complete its survey in connection with the proposed terminal and crossing plans, in spite of the war. This information was received yesterday by George A. Damon, president of the City Planning Association, from R. S. Lovett, head of the division of capital expenditures of the United States Railroad Administration.

When the government took control of the railroads the Railroad Commission immediately stopped the preparation of a report upon the union station and crossing matters. Mr. Damon wrote to Director Lovett and yesterday received the following reply:

UNITED STATES RAILROAD ADMINISTRATION
W. G. McAdoo, Director-General, Interstate Commerce Building.

Washington, July 2, 1918.
Division of Capital Expenditures, Robert S. Lovett, Director.
In reply refer to File No. 610-7-8. Mr. George A. Damon, President City Planning Association, 321 E. Fernando Building, Los Angeles, Cal.

Dear Sir: I duly received your letter of June 22, and in reply beg to say that in response to a further communication upon the subject from the Railroad Commission of California, the commission has already been informed that there are no objections on the part of the Director-General of Railroads to the completion of its report on its investigation into terminal unification for the Los Angeles district and on the ultimate plan for transportation facilities in that vicinity.

The California Railroad Commission has been advised that the commission is in a number of important matters and will continue assistance and suggestions will be very much appreciated, as it has been secured several times and again today.

Yours very truly,
[Signed] R. S. LOVETT.

PASTORS THANK CITY.

Express Their Appreciation for Courtesy in the Matter of Church Taxes.

The Council and Deputy City Clerk Robert Dominguez were formally thanked yesterday by a delegation of ministers for the consideration shown the various churches in connection with the collection of taxes. Recently the Council decided it would refund to churches money paid as taxes notwithstanding that in some cases church officials had overlooked the law requirements.

A special reference was made to Deputy Clerk Dominguez, who had notified the various pastors of their rights. They said he is the kind of city official that the people like to meet. Mr. Dominguez has been a faithful employee of the city for more than twenty years.

The pastors presenting the resolution of thanks were Charles H. Walton, First Cumberland Presbyterian Church; George Steed, South Main-street M. E. Church; W. C. McIntire, Edendale M. E. Church; E. Payne, Harmony Baptist Church.

GETS PAY FOR LEG AFTER TWO YEARS.

The price of a negro's leg was fixed at \$1628.14 yesterday by the Council when it awarded James Harris, a former fireman, that amount of money. He sued the city for upwards of \$2000, having lost a limb while in the performance of his duty.

The Council compromised the case after negotiations lasting two years.

BABY BURIED.

Four-year-old Margaret Forbes, who died of burns received when her clothing caught fire from matches, was buried at Inglewood Cemetery, Monday. She was a daughter of Tull M. Forbes, cabinetmaker, of No. 892 Fifth-street. The Central-avenue Undertaking Company had charge of the funeral.

WHOLE COUNTY IS GOING DRY.

All Except Cities Liquorless Thirty Days Hence.

Wineries to Quit Working in Seventeen Months.

Sweeping Ordinance Passed by the Supervisors.

Los Angeles county outside of incorporated cities will be bone-dry thirty days hence, but wineries may manufacture and sell wine outside of the district affected by the ordinance, which was adopted by the Supervisors yesterday, until January 1, 1920. After that date they may dispose of the manufactured product on hand. So reads the new ordinance.

The wet and dry forces amicably agreed on the date at which the wineries shall stop making wine. Dr. S. T. Montgomery represented the dry interest, and Mr. Flint, States Senator Frank P. Flint appeared in behalf of the winery men.

The making of the nation dry will be a big factor in winning the war," he said. The ordinance provides that druggists may sell liquors for medicinal, medicinal, scientific and sacramental purposes, but they must apply to the Board of Supervisors for permits and give a \$500 bond. Every shipment of intoxicating liquors received by druggists must be plainly marked in letters one inch high.

It also provided that the wineries in existence shall not be increased in number. Liquors may be served in one's home to members of the family as an act of hospitality, without money consideration. A penalty of \$500, confinement in jail or imprisonment or both, is provided for any violation of the ordinance. The term of imprisonment is not to exceed seven months.

The Venice Chamber of Commerce went on record as opposing any legislation that would tend to destroy the manufacture of wine in Los Angeles county. The resolution by the chamber was presented to the Supervisors before the ordinance was adopted. It held that the vineyards are an asset and that no patriotic motive prompted the prohibiting of the manufacture of wine, as the government controls such movements.

The Venice Chamber of Commerce went on record as opposing any legislation that would tend to destroy the manufacture of wine in Los Angeles county. The resolution by the chamber was presented to the Supervisors before the ordinance was adopted. It held that the vineyards are an asset and that no patriotic motive prompted the prohibiting of the manufacture of wine, as the government controls such movements.

JAPANESE MARKET TO AID RED CROSS.

IT WILL BE FEATURE OF FETE TO BE GIVEN AT SHOP ON SATURDAY.

BY OLIVE GRAY.

Each day, each hour, some new feature is announced for the Japanese fete to be given on Saturday at the Red Cross Shop on Alvarado at Eighth street. The local Japanese colony, has determined to spare neither trouble nor money in the execution of plans which will assist in making the coming fete one long to be remembered in the annals of patriotic affairs.

Not only will the Japanese who are active members of the Japanese Red Cross Auxiliary participate in the event, but everyone in the colony will have access to the celebration. The spacious grounds at the Red Cross Shop will present a veritable picture of Japan in gala array. Huge umbrellas will supplement the usual booths habitual to bazaars in our country, and the dress of those taking part in the entertainment, in all capacities, will be such as they would be were this a true Japanese fete in the Flower Kingdom.

A feature just announced is a real Japanese market, to occupy the tennis grounds and to open its inviting doors, at 9 o'clock a.m., on Saturday. Here will be presented for sale at bargain prices, the freshest of vegetables and fruits, so that housekeepers may obtain their Sunday dinners, and at the same time aid the Red Cross—for every cent will be donated to this great cause.

At 1 o'clock p.m. the programme will begin and the booths will be in operation. The arts of Japan will be seen in full swing. Artists, in oil and water colors, will decorate fans, and other objects on order and under the eyes of the purchasers; sculptors will create from fruits and vegetables, marvelous animals and birds for table decorations; and, in fact, the resourcefulness of Japan, so well known to us, and even yet never fully shown, will be presented.

Mme. Oyama, wife of the Japanese Consul in Los Angeles, is at the head of the Japanese Red Cross Auxiliary here and is taking a leading part in all plans for the success of the forthcoming entertainment.

Rescue Hayakama, with his company of Japanese games, sports and music. In all, about 1000 Japanese will take part in the affair. The spectacle in itself will be one worth long journey to witness, while the sales of interesting objects at war-saving prices, and in so good a cause, will elicit still further interest from the public.

STATE FISH EXCHANGE ENLARGES ITS SCOPE.

The jurisdiction of D. B. Lyons as deputy for the State Fish Exchange, which at first covered only Los Angeles county, has been extended to cover all of Southern California from Santa Barbara to San Diego, inclusive.

Because of the extension of the duties of the office, additional assistants have been appointed for the southern district. They will aid in the promulgation of schedules and the advertising of surplus catches, etc.

Hamburger

ESTABLISHED 1881

Eliminate Waste

—The War Advisory Committee has asked us to help our customers again—to shop in the morning hours. Distribute the day's business evenly and avoid the crowded extra salespeople.

—Avoid C. O. D.'s. This does away with the extra office help and deliveries needed to handle C. O. D.'s—a complicated piece of business as compared with a cash or credit transaction.

Puritan Hams and Bacon are smoked daily in our Los Angeles plant. Fresh, brightly smoked meats at all times.

Puritan Hams and Bacon

TO FIX DEATH DATE.

Widow Petitions Court to Act that Joint Tenancy of Property May be Vacated.

Madeline de Proce, stating that she is the widow of the late Charles Wellington Rand, filed a petition in the probate court yesterday asking that the court fix October 5, 1917, as the date of the death of her husband, that the joint tenancy of the property at Bunker Hill and Court streets may be terminated, and she placed in sole possession of the same.

She alleges that Mr. Rand on January 4, 1917, gave her a grant deed to the property, which contained the provision that the property was to be used by them as joint tenants in common, with the right of survivorship. Under the law, with the date of the death of Mr. Rand established in court, the property automatically descends to his surviving widow.

I'll Show You How Housewives of America are Saving Thousands of Dollars!

We want every housewife in Los Angeles to know what Calumet Baking Powder is—how much it means in economy and better baking. We have gone to great expense to introduce Calumet to the ladies of this city and trust you were home when our lady representative called. If you have missed her do what millions of others have done—give Calumet a trial. All the housewives who have learned of Calumet have welcomed it, and all feel many times repaid for giving it a trial on account of the splendid results they now obtain from their bakings.

Calumet has proved itself of immense value in saving money—in saving materials and in producing the most tempting and wholesome bakings.

If You Are Not Familiar With Calumet Learn the True Facts

and decide for yourself. If Calumet is what we say it is—if it is what millions of housewives say it is, you want it. If it is not exactly what we claim, you won't use it. We leave the decision entirely to you, but don't allow anything to prevent your giving Calumet a trial.

Many housewives buy cheap brands with the idea they are saving money. They don't appreciate that uncertain baking powders are expensive at any price and waste vastly more than they cost. Others pay exorbitant prices supposing they are getting higher quality—when, in fact, they are paying more than the best baking powder in the world is worth.

To both classes of buyers Calumet reveals true baking powder economy. Its uniformity of quality—the highest quality that can be put into baking powder—prevents bake-day failures, spoiled materials and loss of time. Protecting you against rising food prices by insuring light, sweet, tasty pastry. It is the best baking powder that can be had—still it is moderate in price—25 cents per pound—costs less than Trust brands and but little more than cheap, unreliable brands. Calumet is economical in both cost and use.

Calumet Baking Powder is Used in Millions of Homes

by leading Domestic Science Teachers, in Domestic Science Schools, Hotels, Restaurants and Railroads. It is preferred where standards of purity and economy are highest.

Calumet is manufactured in the largest, finest equipped and most sanitary Baking Powder Plant in the world. It has enjoyed a steady growth in demand for 28 years and today more pounds of Calumet Baking Powder are sold than any other brand. If it weren't superior, it wouldn't be the greatest seller.

Calumet Baking Powder contains only such ingredients as have been approved officially by the U. S. Food Authorities. Every can purchased carries a money back guarantee. Try it—at our risk.

You save when you buy it—You save when you use it.
